With the SoundTouch SA-5 amplifier, you can add nearly any passive speaker and experience a world of wireless music. Easily. The 100W per channel amplifier connects to your home Wi-Fi® network and is part of an entire family of Bose products for every room of your home that lets you explore, organize and easily play your favorite music.

SoundTouch SA-5 amplifier | Bose

Installing Bose's 191 speakers in your new home? This rough-in kit lets you determine the speakers' locations before the drywall is installed. A pair of brackets are supplied; use flat-head screws (not included) to attach the brackets to the wall studs or ceiling joists. Then, have your builder run the wire and cut holes for the speakers.
