This new awareness was aptly described as “The Cultural Turn in Translation Studies” in the title of a chapter jointly written by Susan Bassnett and Andre Lefevere in their book Translation, History and Culture (1990). It was precisely the formulation and recognition of this cultural turn in Translation Studies that served to extend and revitalize the discipline and to liberate it from the relatively mechanical tools of analysis available in Linguistics.

## **Translating Culture vs. Cultural Translation | The ...**

The phrase, language is culture and culture is language is often mentioned when language and culture are discussed. It's because the two have a homologous although complex relationship. Language and culture developed together and influenced each other as they evolved. Using this context, Alfred L. Kroeber, a cultural anthropologist from the United States said that culture started when speech was available, and from that beginning, the enrichment of either one led the other to develop further.

Cultural translation is the practice of translation while respecting and showing cultural differences. This kind of translation solves some issues linked to culture, such as dialects, food or architecture. The main issues that cultural translation must solve consist in translating a text as showing cultural differences of this text and respecting the source culture.
