I've been teaching social network concepts in my Social Media class at Shepherd University for the past several years. And it is something that students have always seemed to struggle with or not take a great deal of interest in.

## **Teaching Social Network Concepts: Fun Class Activity**

A social network is a social structure made up of a set of social actors, sets of dyadic ties, and other social interactions between actors. The social network perspective provides a set of methods for analyzing the structure of whole social entities as well as a variety of theories explaining the patterns observed in these structures. The study of these structures uses social network analysis to identify local and global patterns, locate influential entities, and examine network dynamics. Socia
